C:\FOSSIL>
1Help 2Menu 3View 4Edit 5Copy 6RenMov 7Mkdir 8Delete 9PullDn 10Quit

4. Вводим adf.exe потом имя и ключ

File=ADF

Cannot find the file ADF

C:\FOSSIL>register.exe

AnDan Software Register Version 1.30 (DOS)

Copyright (c) 1994-1998 Scandinavian Digital Systems AB

Internet: <http://www.digsys.se> e-mail: ad@digsys.se

Registration of AnDan Software shareware programs.

You need to register the programs without any registered user name to be able to use them as shareware. When you have purchased a shareware program, you enter your private registration name and code.

Enter name of program file(s) to register:

File=adf.exe

Enter registered user name (empty for test period):

User=user

Enter registration code:

Code=B2E0D64C_

5. Открываем файл в текстовом редакторе ADFCOM1.Bat или ADFCOM2.bat смотря в какой порт установлен модем Locked baud-rate ставим значение, которое выбрали в Maximus BBS по умолчанию максимальное значение которое можно выбрать при установке макс 38400 Бод

```
File Edit Search View Options Help
